STEP 1

Print the template and find a clean surface to work on. Make sure you have everything you need.

STEP 2

Take one of the icy pole sticks and break it in half.

Use the Clag Kids PVA to glue it half way up and at an angle to the other icy pole stick.

Leave to dry.

STEP 3

Loosely cut out the ballet shoes, hair, face and tutu from the template.

Use the Glu Stik to glue them to your chosen colour card. You should have one colour for the hair, one for the face and one for the tutu and ballet shoes.
