HOW TO MAKE A

Bostik Superhero

YOU'LL NEED:

- Printed Template
- Icy Pole sticks (craft sticks)
- Coloured A4 card:
 - 1 x sheet favourite superhero colour.
 - 1 x sheet for hair
 - 1 x sheet for boots.
- Pipe Cleaners
- Joggle eyes 10mm
- Scissors
- Art Smock
- Clag Kids PVA
- Bostik Blu Tack
- Bostik Blu Stik

STEP 1

Print the template, put your art smock on and find a clean surface to work on. Make sure you have everything you need.

STEP 2

Blu Tack the cape template to a piece of superhero coloured card. Cut around the template. Once cut out, remove the template and Blu Tack.

Use the Blu Stik to glue the boots and hair template to your chosen colour card. Cut out.

Cut out a rectangle from the coloured paper big enough to fit the joggle eyes into. Use the Clag Kids PVA to glue glue the eyes and mask.

STEP 3

Make the arms by wrapping a pipe cleaner around the stick, from front to back, twisting the ends together to keep it in place. Cut if arms are too long.

Then use Clag Kids PVA to stick:

- Only the top section of the cape to the back of the stick
- The hair and mask with joggle eyes to the top of the stick
- The Boots at the bottom.

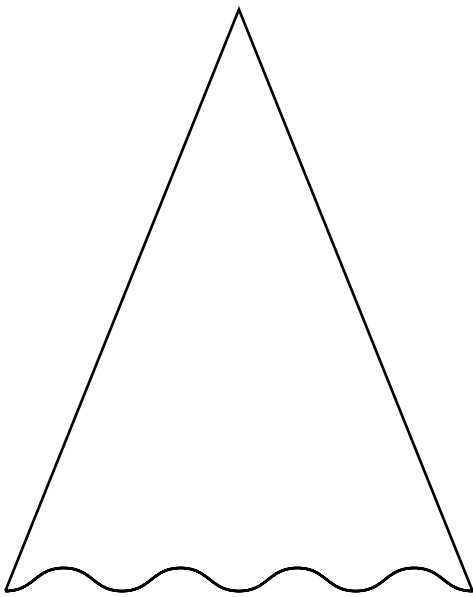

That looks SUPER FANTASTIC!
