

# crocodile

1

Using the black foam, create a long water drop shape and flatten.

2

Create two oval balls and flatten. Use knife to create lines. This is the top and bottom of the mouth.

3

Use red foam for the tongue and stick on bottom mouth piece.

4

Create eyes using the white and black foam and stick to top mouth piece. Make small cone shapes with yellow foam and place along the back.

5

Create teeth with the white foam. You can also use this design as a key ring.
