

giraffe

Mix the orange with a bit of white for a lighter orange colour. Roll into a cone shape and add white ball.

Create eyes and ears using circle and cone shapes.

Use orange to make round cone shapes for legs and add black dots to bottom.

Add eyes to orange cone shape. Stick some white on your ears and add to cone shape to make the giraffe face. Push two holes in the white to create nose.

Make larger cone shape. Add orange circles.

Push finger in before it sets to mold to your finger size.
