

COLOURFUL Butterfly

Art and Science Activity!

What you'll need:

Staedtler wax crayons

Staedtler glue stick

Staedtler scissors

Pipe cleaners

Wire or string

Crepe paper

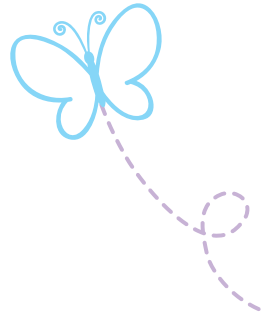

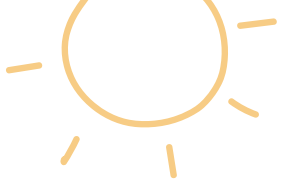

A print out of the supplied worksheet

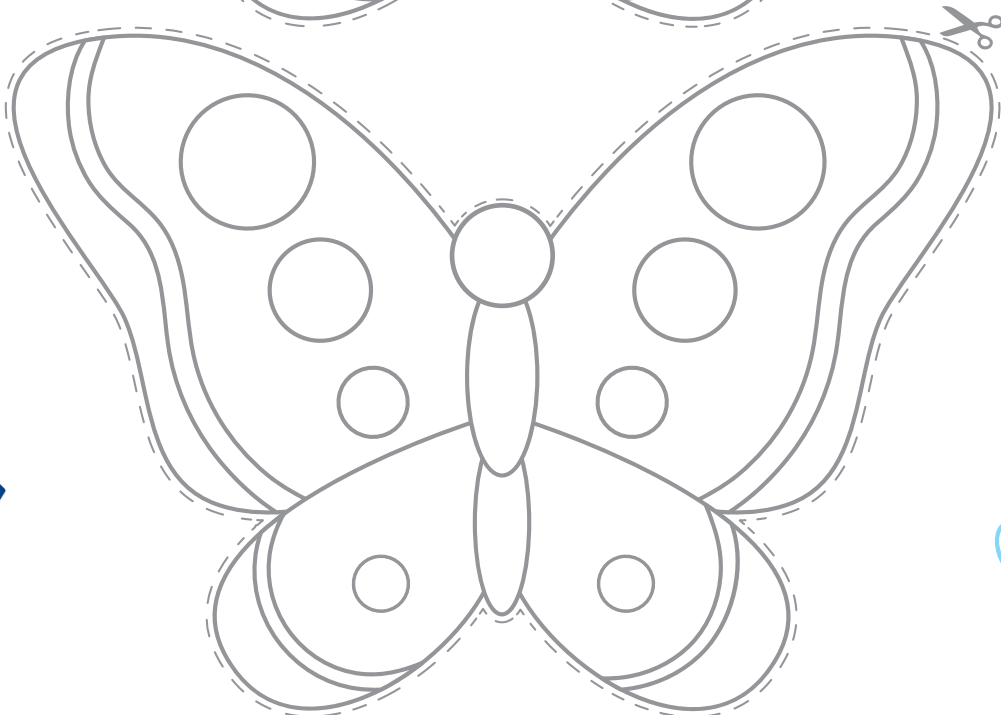

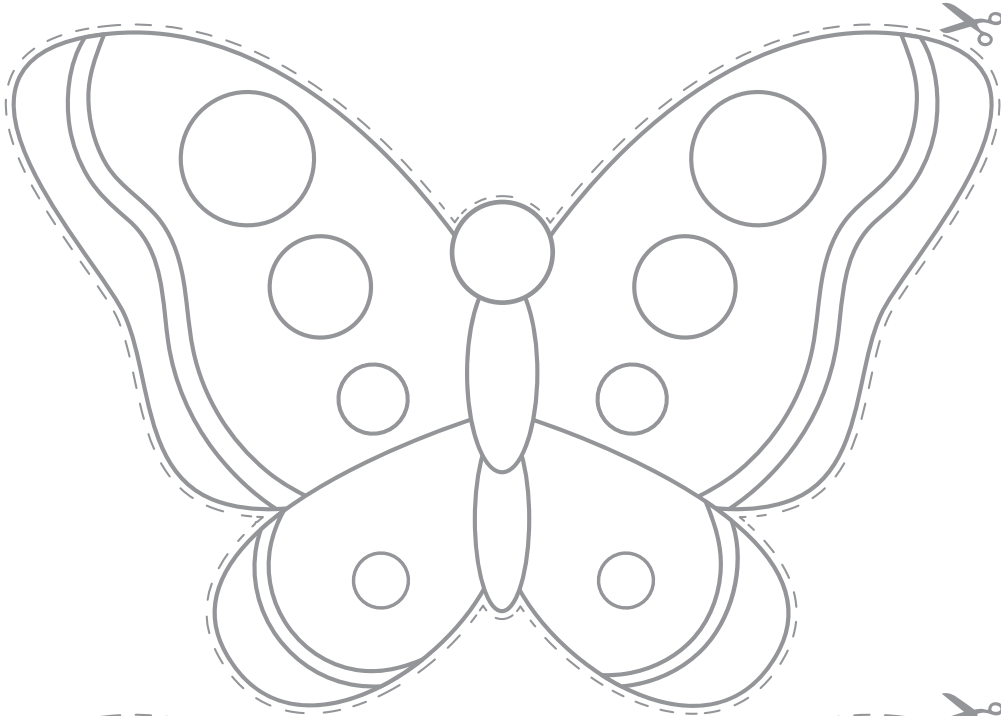

Instructions:

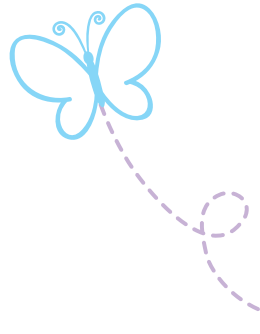

1. Using your favourite colours, colour in both butterfly templates. Decorating them in a bright and colourful way.
2. Cut out your butterflies, following the dotted lines.
3. Cut several strips of crepe paper and, for the antennae, cut pipe cleaners to the desired length (approximately 8cms).
4. Using your glue stick, stick the crepe paper (approximately 30cms) and antennae's to the back of one butterfly and then attach the second butterfly.
5. Ask an adult to help you attach string to the top of your butterfly and hang it from the ceiling or in the wind.
