

# cactus monster

Use the green foam and create a large rounded oval shape.

Cut eyes and middle line with a knife.

Make a small oval shape and poke a hole for lips. Use white and red foam for eyes.

Roll out green foam into a string and bend for arms.

Add pinches of red for thorns. Flatten two bits of red foam,, use your knife to make a pattern and stick on top.

# crocodile

1

Using the black foam, create a long water drop shape and flatten.

2

Create two oval balls and flatten. Use knife to create lines. This is the top and bottom of the mouth.

3

Use red foam for the tongue and stick on bottom mouth piece.

4

Create eyes using the white and black foam and stick to top mouth piece. Make small cone shapes with yellow foam and place along the back.

5

Create teeth with the white foam. You can also use this design as a key ring.

# fire truck

1

Make a red square and rectangle

2

Make blue windows and use yellow to make grill. Add black to the bottom. Use black to make tires.

3

4

Make two long and several small grey strips for the ladder.

5

6

7

8

Follow the pictures and add wheels and ladder.

# fox

1

Use orange foam and roll into a ball. Pinch ends for ears and middle for the nose.

2

Create three small black circles, one for the nose and two for the eyes. Add the black for the eyes to large white circles.

3

Create the hat with purple, simply flatten a circle for the base and a cone shape for the top. Make a butterfly shape with white foam and add decorations.

4

Create the body with orange and white.

5

The legs can be circles that you flatten. The body can be a small round shape on top of a larger round shape. Create the tail with a round orange shape and flat bottom. Add white and pinch for tail effect.

# giraffe

1 Mix the orange with a bit of white for a lighter orange colour. Roll into a cone shape and add white ball.

2 Create eyes and ears using circle and cone shapes.

5 Use orange to make round cone shapes for legs and add black dots to bottom.

3 Add eyes to orange cone shape. Stick some white on your ears and add to cone shape to make the giraffe face. Push two holes in the white to create nose.

4 Make larger cone shape. Add orange circles.

6 Push finger in before it sets to mold to your finger size.

# pumpkin

1

Divide some red or orange foam into 6 equal parts.

2

Stick the 6 pieces together like shown.

4

Roll out a green string shape and add to your green section.

3

Take the green foam and flatten a circle and add a cone on top.

# star

1

Use the yellow foam, make a circle then flatten.

2

Squeeze edges together to form your star shape.

3

Use a knife to create lines and mouth.

4

Use white and black foam to create your eyes. White for the teeth.

# strawberry

1

Mold the red foam into a water drop shape, then punch some tiny holes into it.

2

Fill holes with white foam.

4

Stick the green foam on top.

3

Roll the green foam into a rounded oval shape, then flatten.

5

Add key ring to a ball of red foam and stick to strawberry. Leave to set.
