

## YOU WILL NEED

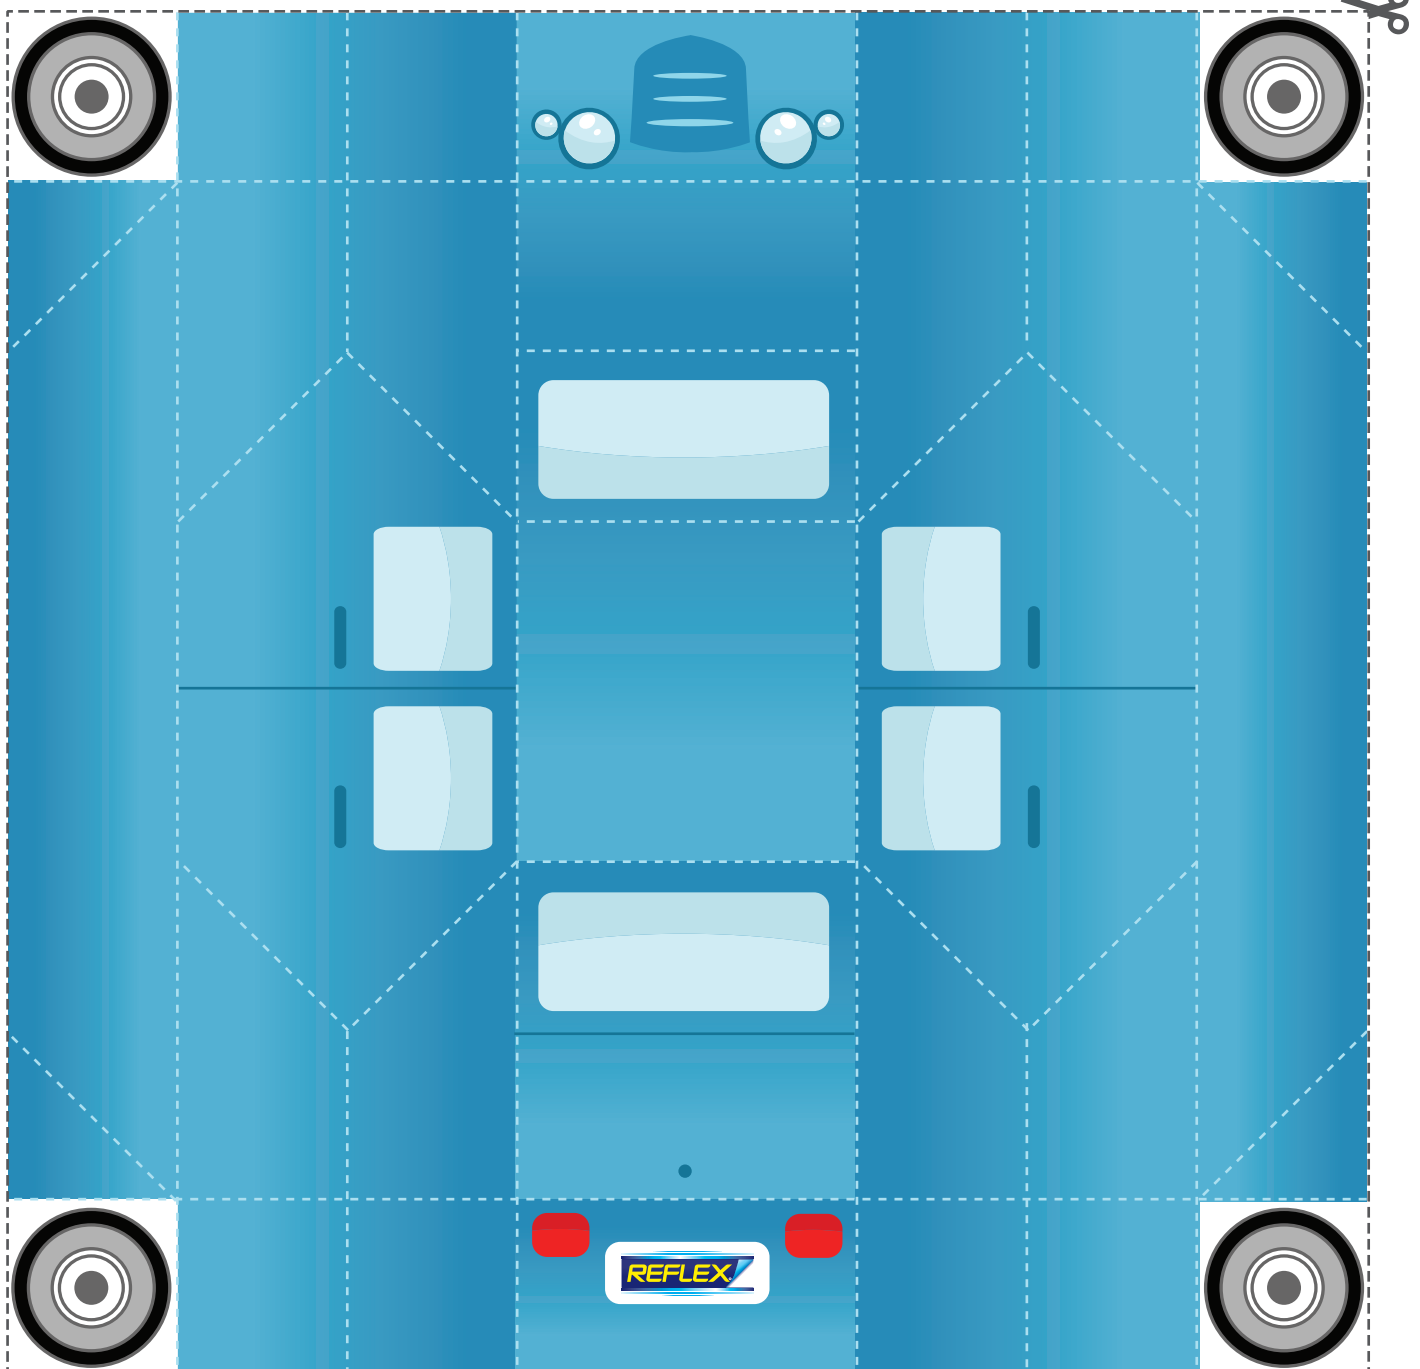

- ✓ Scissors
- ✓ 3 sheets of A4 Reflex paper

## KIDS

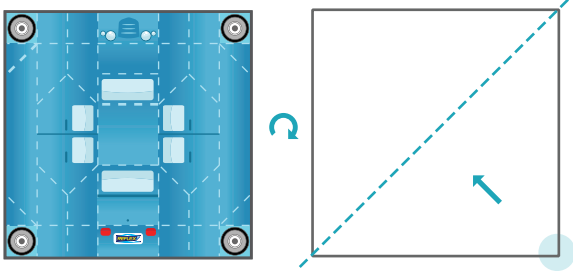

- ✓ Get an adult to help you cut out the template and make your car

## GETTING STARTED

1. Print the template and instructions
2. Carefully cut out the template below (black dashed lines)
3. Then carefully follow the instructions on the next page to make your car

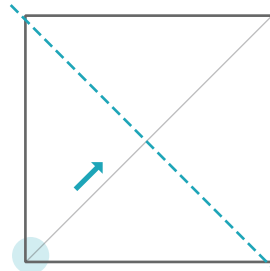

1.

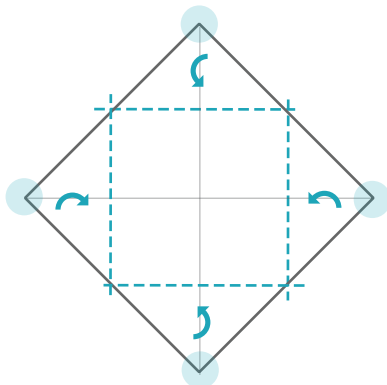

Start with the template face up, then turn over to show the blank side. Fold in half diagonally, crease and unfold.

2.

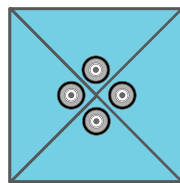

Now fold the bottom left corner up to the top right corner, crease, unfold and rotate.

3.

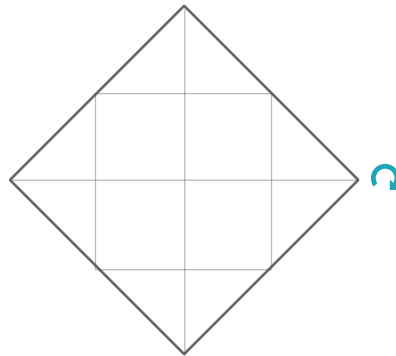

Fold corners in to meet in the center.

4.

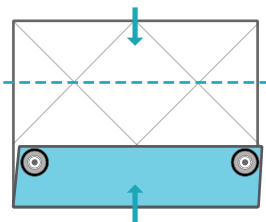

Unfold.

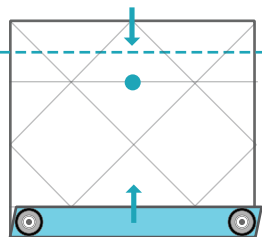

Rotate.

5.

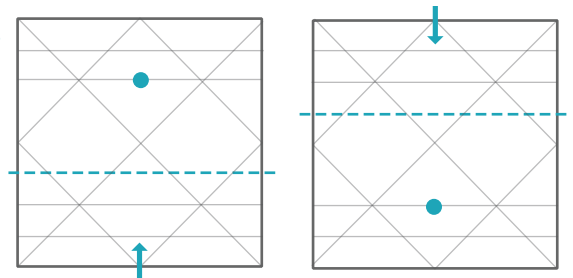

Fold the top and bottom edge to meet in the middle. Crease well, then unfold.

6.

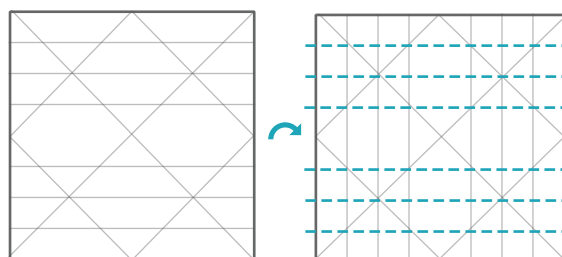

Fold the top and bottom edge to the crease you just made. Crease well, then unfold.

7.

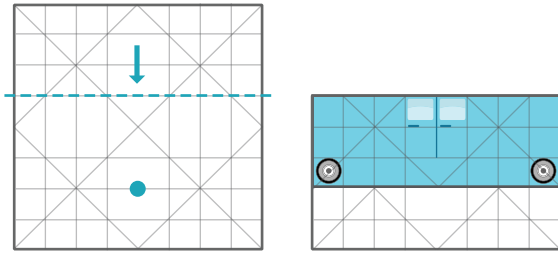

Fold bottom edge to meet the crease as marked. Crease well, then unfold. Repeat with the top edge.

8.

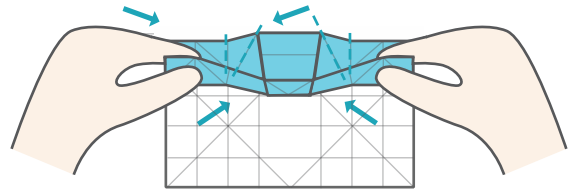

Rotate, then repeat the last three step (step 5, 6 and 7)

9.

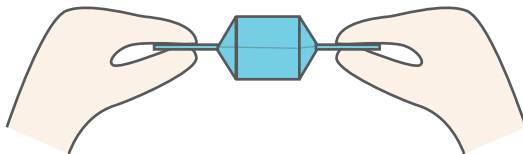

Now you have made all the creases, you are ready to fold the car. Fold top edges to marked point.

10.

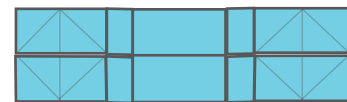

Grab the folded bottom edge at the sides and push together. Repeat this step on the other side.

11.

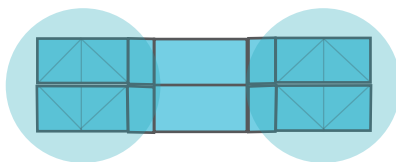

From side on your folds should look like this.

12.

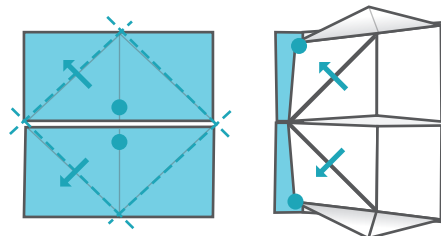

Place the car so the bottom of the template is showing.

13.

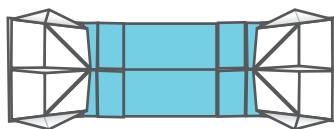

Enlarged view  
→

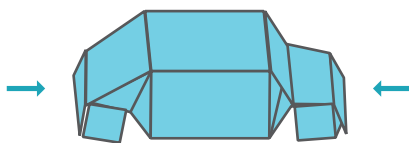

Take the top layer of each end, fold in and crease.

14.

Rotate so the car is sitting on its side.

Adjust by squeezing sides in.

15. FINISHED
