

Australian Flag

Rated: Medium

YOU WILL NEED

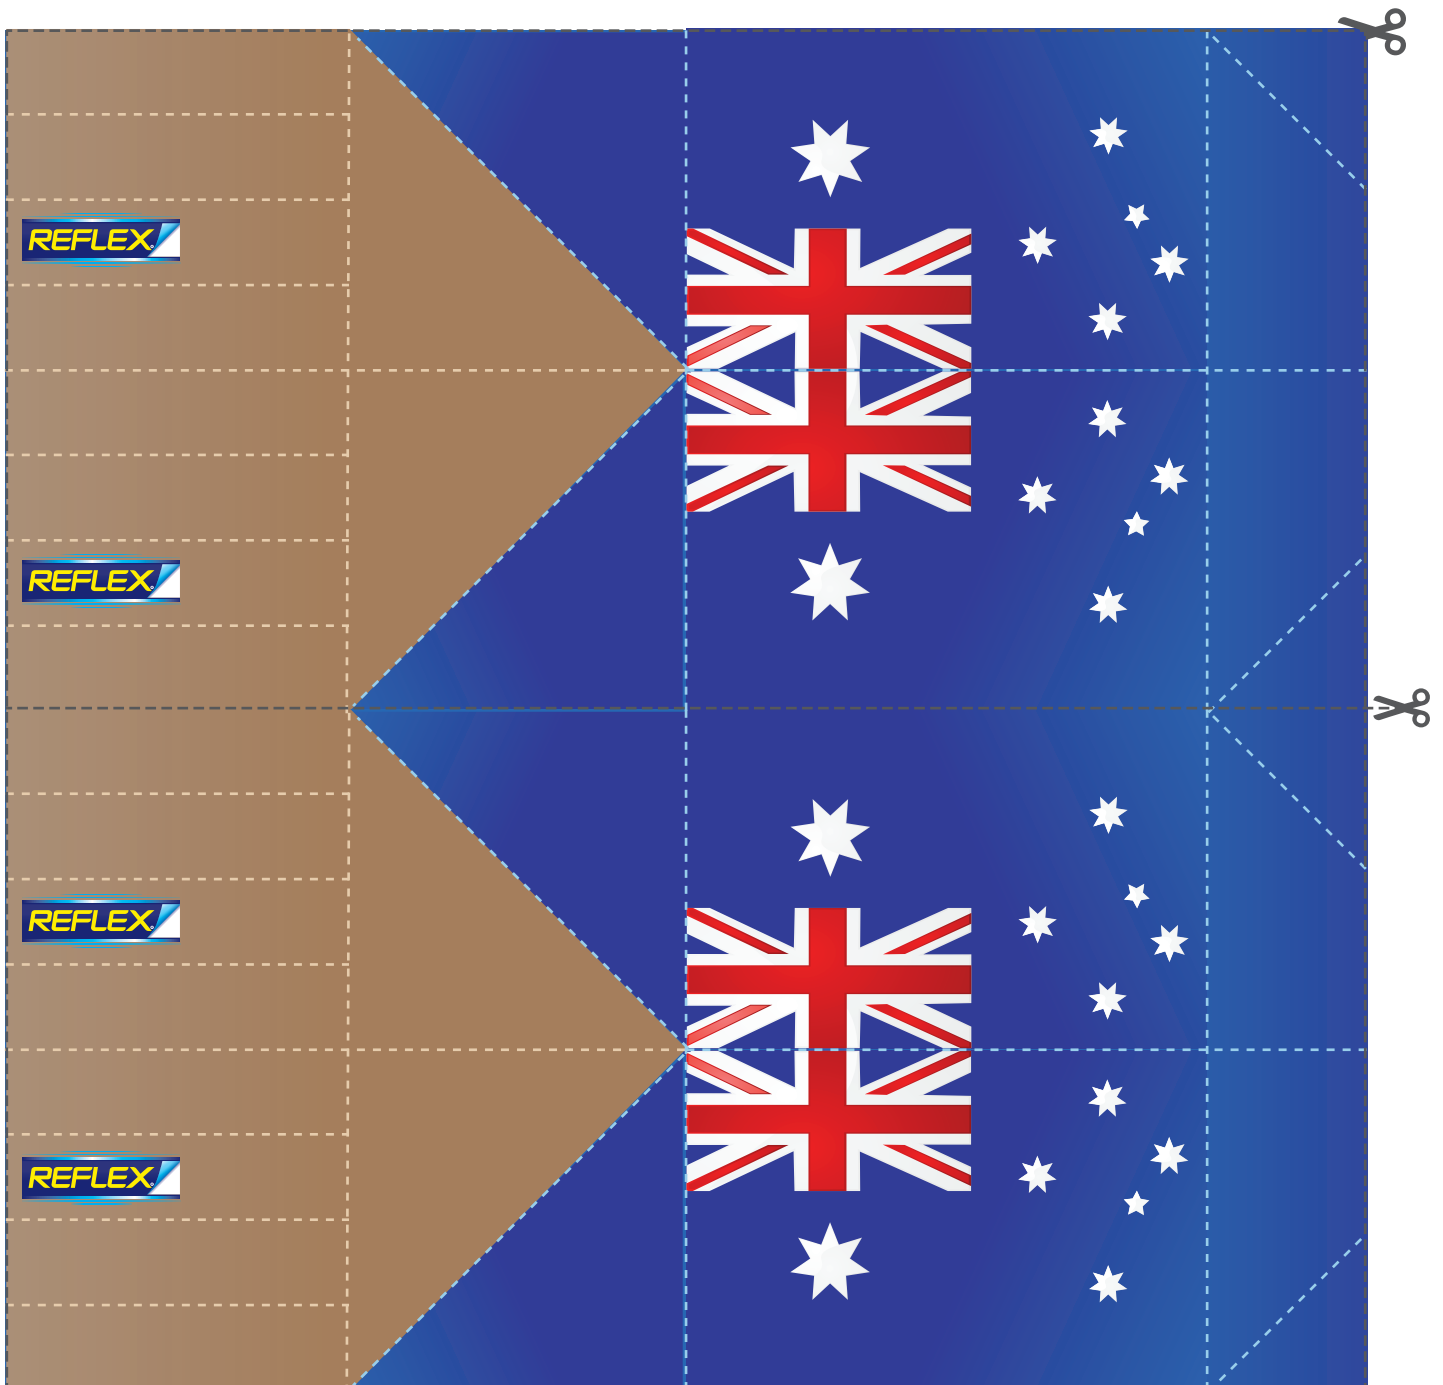

- ✓ Scissors
- ✓ 3 sheets of A4 Reflex paper

KIDS

- ✓ Get an adult to help you cut out the template and make your Australian flags

GETTING STARTED

1. Print the template and instructions
2. Carefully cut out the templates below (black dashed lines)
3. Then carefully follow the instructions on the next page to make your Australian flags

For better performance, always rely on Reflex.

Start with the template facing up, then turn over to show the blank side.

Fold in half and crease.

Fold the bottom edge (top layer only) up. Crease and unfold.

Fold bottom corners over to meet the crease you just made. Crease and unfold.

Unfold.

Fold the top edge down. Follow the crease. Tuck the left corner under, and the right corner up.

Fold the top edge down.

Fold both top corners down, crease well, then unfold. Turn template over and repeat folds.

Turn around so the creased triangle edges are on your left.

Fold in half, crease and unfold.

11. Take the right middle point, bring it down and towards you. Follow crease line A, then crease along line B.

12. Take the right middle point, bring down and towards you. Follow the crease.

13. Rotate. Then lift the bottom left corner up.

14. Carefully follow the dashed lines and fold over three times to create the flag pole. Crease well.

15. Tuck the bottom triangle flap into the top folded over flap. This locks the flag in place.

16. *FINISHED*
Rotate. Now you have a flag you can hold.
