KIDS

- ✓ Get an adult to help you cut out the template and make your jet plane

GETTING STARTED

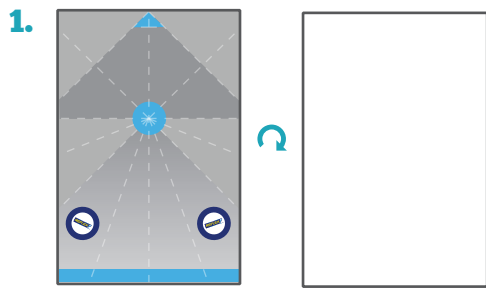

1. Print the template and instructions
2. Carefully cut out the template below (black dashed lines)
3. Then carefully follow the instructions on the next page to make your jet plane

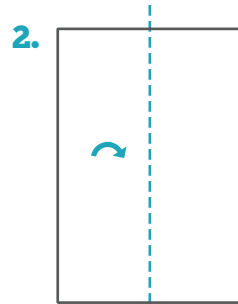

For better performance, always rely on Reflex.

Instructions

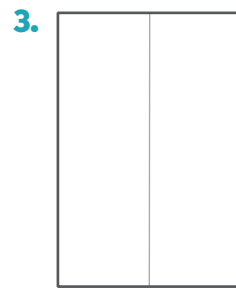

Once you have cut out the template you will have a rectangle. Follow the folding instructions below to make your jet plane.

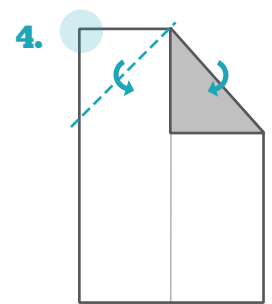

1. Start with the template face up, then turn over to show the blank side.

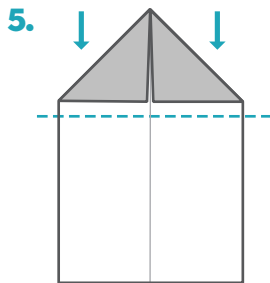

2. Fold in half and crease.

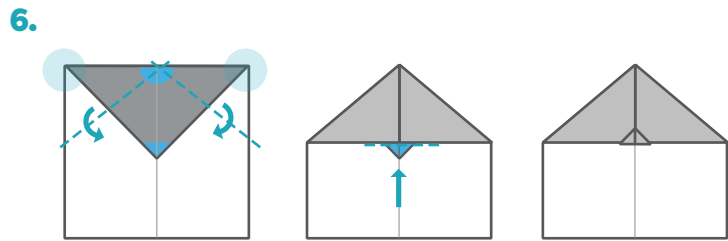

3. Unfold.

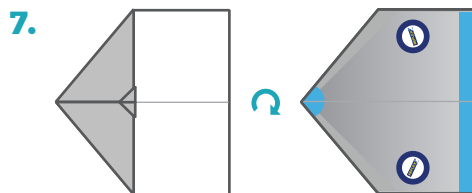

4. Fold the top corners down to meet in the centre.

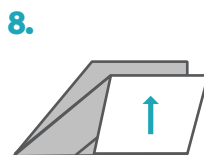

5. Fold the top down, use the dashed line on the template as a guide.

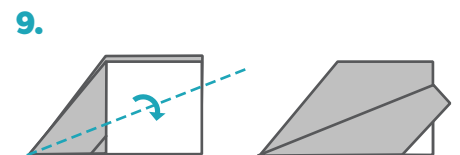

6. Fold the top corners down to meet in the centre, then fold the small triangle up.

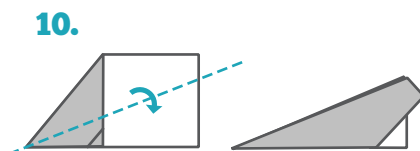

7. Rotate so that the top of the plane is pointing left, then flip it over.

8. Fold the bottom edge up to meet the top.

9. Fold the top layer along dashed line.

10. Flip the plane over and repeat step 9.

11. FINISHED

Open the wings and then you are ready to fly your jet plane.
