## What is CommBox Control?

CommBox Control is a revolutionary new web based control system that brings style and sophistication to the world of room control.

From the precision engineered aluminium fascia through to the ground breaking cloud based control editor, no stone has been left unturned in the pursuit of the perfect control system.

The editor and control UI define intuitive simplicity; a perfect complement to a precision engineered controller that will enhance even the finest server rack.

CommBox also offers a Control Programming service. For a fee, customers can supply their requirements for an installation with their order and a CommBox technician will preprogram the CommBox Control system for you.

### Control User Interface

**HTML5 Interface** - Cutting edge HTML 5 web interface allows control from any device, anywhere, such as phones, tablets and computers

**Feedback** - Dynamic device status is reflected live in the control UI

**Optimised for Mobile** - Simple mobile optimized administration web UI to configure the controller

### Control Editor

**HTML5 Editor** - Ground breaking HTML 5 web editor allows control UIs to be developed with ease, by anyone

**Drag & Drop** - Intuitive drag and drop and simple workflows make it fast, simple and cost effective

**Existing Library** - Access CommBox's vast library of IR and RS232 codes without touching a single line of code

**Powerful** - Extensible plug-in system enables more complex 2-way control, so CommBox Control can easily handle the most challenging problems

## Commands at your Fingertips...

## Controller

**Modern Design**- Sleek modern anodised aluminium fascia exudes quality

**Unlimited Control** - Control a vast array of devices through a range of control ports, including Ethernet, IR, RS232/485, I/O contact closures and relays

**Ultra Responsive** - Responds to real-time events from connected devices by running custom command sequences

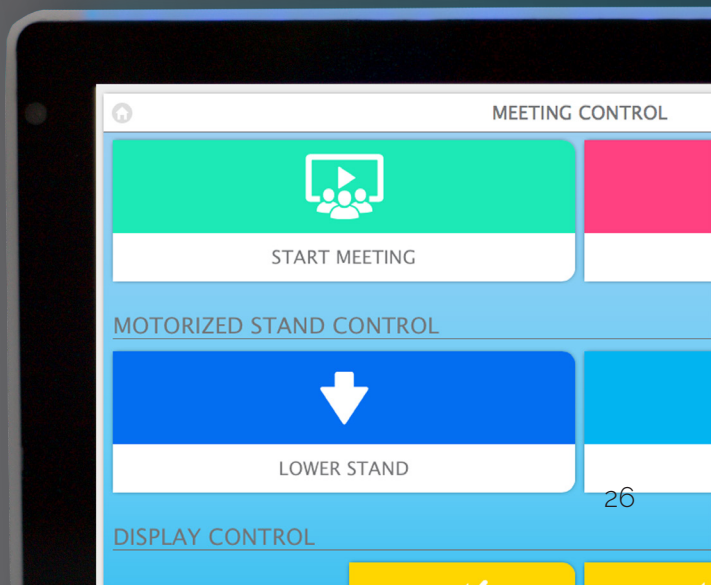

## CommBox Control Panel 7

The CommBox Control Panel 7 is the latest control accessory, specifically designed to work harmoniously alongside the CommBox Control Pro or Control Lite. With a 7" touchscreen, the CommBox Control Panel 7 conveniently and stylishly accesses and displays your Control Pro or Control Lite's cutting edge HTML 5 web interface, requiring no programming itself.

## Mount Anywhere

Sending commands is now as simple as touching a button on the CommBox Control Panel 7's screen. With a multitude of wall and desk mounting options, the CommBox Control Panel 7 is always there when you need it.
