Description
Camera mount for AD-TVC-45 (& others). Adjustable 627mm (24.7") range, 8 height levels. Standard 3/8" camera mount screw. Slots for velcro straps.

Curved displays, deep devices, VESA mounted accessories (such as mini PC brackets and mounts), and offset VESA locations exert additional leverage that can exceed the capacity of the mount even though the display weight may be within the stated range. Please contact Atdec if you would like further information.

More ambitious digital signage needs?

Atdec has a complete digital signage range for single displays to media walls and beyond. Our modular approach enables ingenious, efficient, and economical solutions.

Atdec Uncover™ is where our infinite mounting possibilities become your specific mounting solutions.
