MORE SECURITY - AT THE DESK AND IN THE OFFICE.
intimus®

GET MORE

· Comfortable and safe operation with slide switch or push button

· Easy to empty, no mess: simply slide out the complete bin

· A "porthole" as a visual indicator if the bin is full

· Four castors for flexible location - two can be fixed for permanent location

· Coloured in light and dark grey with fresh blue accents - fits in all office environments

· All models shred credit cards. Models 2000 and 3000 also shred CDs. All models have seperate slots for this media

· LED control display

· On / off control via light barrier

CONVINCING PERFORMANCE

The technical concept offers performance, which can normally only be found in more expensive shredders. Designed for desk use the new shredder range is an allrounder, which shreds paper, credit-cards and CDs in strips or cross cut.
...all models shred paper with staples and paper-clips.

10 YEARS WARRANTY

...on fracture of cutting cylinders.

HIGHEST SAFETY STANDARDS

To ensure simultaneously a safe and comfortable operation, the **intimus®** shredders consist of security slots, one-hand-buttons, a light barrier and lockable castors.

MODEL »S«: FINE STRIPS

Illegible 4 mm strips are always recommended whenever high capacity is required and the data can be classified as being of a "general" nature.

MODEL »C«: SMALL CROSS CUT PARTICLES

The fine cross cut particles ensure high security and a better exploitation of the bin capacity.
