

iQ 10 Sync Charge Station™

Sync, charge, store and secure up to 10 iPad, iPad Air, iPad mini or other Tablet devices.

-  **Efficient syncing.** Sync 10 devices simultaneously. Our top of the line syncing technology seamlessly integrates with Apple Configurator and other syncing software.¹
-  **Baskets by PC Locs** make device deployments faster and safer, so that Teachers and IT Administrators can focus on creating an engaging learning environment.
-  **Compatible.** Universal design and functionality makes it compatible with all iPad models and most Tablets, with or without cases.²
-  **Efficient USB charging.** Charge 10 devices simultaneously at up to 2.4 amps per port. PC Locs power management ensures that the right amount of power is distributed to devices when charging. It even charges during syncing.
-  **Wall or desk mounting.** Transform any wall, desk or bench into a secure space for charging mobile devices. The iQ 10 Sync Charge Station is designed to be flexible and adapt to your surroundings.⁴
-  **Lifetime warranty.** Schools can be tough on Charging Stations. PC Locs products are built to last.³

It just makes life easier.

Designed to go where other Sync Charge Stations can't. Baskets by PC Locs allow you to share and safely distribute the devices that are stored in the iQ 10 Sync Charge Station, between multiple classrooms. They also enable students to assist in the distribution of devices, so teaching can happen faster. The Baskets are interchangeable with PC Locs Carts that use the same Basket ecosystem, such as the iQ 20 Cart™.

Devices and cases. Baskets by PC Locs are designed to accommodate Tablet devices with or without cases. Contact us for more details.

LED status indicators. Know the charging and syncing status of each device while they're connected to the iQ 10 Sync Charge Station.

Secure syncing and charging. The externally accessible power outlet and host port means that you can sync and charge your devices while they're safely locked away.

Keep your valuable device investments safe. The combination of welded steel construction, the mounting-kit and a hardened steel padlock, protects your devices while they're not in use.
