Celebrate Christmas by creating your own gingerbread ornaments using recycled cardboard!

Get your supplies!

You will need:

- A recycled gift bag or some cardboard
- Micador for Artists PermaPainters - White
- Micador Scissors
- Micador Essential Graphite Pencil
- Ribbon (Hint: you can use the ribbon from your gift bag!)
- Hole punch

Step 1: Sketch!

On your cardboard, draw several Christmas-inspired figures and shapes such as a sock and candy cane.

Step 2: Cut the shapes!

Carefully cut out the shapes using your scissors. Then, use your hole punch to create holes on top of each shape.

Step 3: Add decoration!

With your white PermaPainters, add some detail and decoration such as stripes to your shapes.

Step 4: Tie and hang!

Tie the ribbon to the hole on top of each shape. Your gingerbread ornaments are now ready to be hung!
