

Self Adhesive Floor Sticker

High quality, strong self adhesive PVC.
Suitable for most hard floorings.

Instructions:

1. Choose a smooth, flat surface within an area which does not get wet.
2. Ensure surface is clean of dust and dirt and the surface is fully dry.
3. Peel the backing paper away from only the top 5cm of the sticker.
Fold and crease the backing paper.
4. Align and apply the sticker, starting at the top using firm strokes with a plastic squeegee, stiff cardboard or a soft dry cloth. Continue peeling away the backing paper as you apply the sticker and smooth out with squeegee.
Re-squeegee the edges of the sticker using firm strokes to ensure good edge adhesion.

REMOVAL: Lift one corner of the sticker and remove with short and quick strokes at less than 45 degrees for best results. Some gentle heat may aid removal.

CAUTION: To avoid risk of injury, immediately remove sticker if any edge lifts, and replace with new sticker.
