

# Hygiene & Distancing Outdoor Floor Adhesives

High quality, strong self-adhesive material  
suitable for outdoor use.

- Designed for application directly onto asphalt and concrete pedestrian surfaces
- Used to remind students of the importance of hygiene and social distancing around the playground
- Can be used on the playground to give directions to students or used on pathways for parent pick ups
- High slip resistance - Tested in accordance with AS 4586:2013 Results: R13 Rating, Class P5
- Made in Australia

## Instructions:

1. Ensure surface is smooth and flat, clean of dust and dirt and fully dry.
2. Peel the backing paper away from only the top 5cm of the sticker. Fold and crease the backing paper.
3. Align and apply the sticker, starting at the top using firm strokes with a plastic squeegee or similar. Continue peeling away the backing paper as you apply the sticker and smooth out with squeegee. Re-squeegee the edges of the sticker using firm strokes to ensure good edge adhesion.

**REMOVAL:** Lift one corner of the sticker and remove with short and quick strokes at less than 45 degrees for best results. Some gentle heat may aid removal.

**CAUTION:** To avoid risk of injury, immediately remove sticker if any edge lifts, and replace with new sticker.
