

43MDO70FA55 Quick Start Guide.

- 1. Avoid placing the sign on uneven surfaces including moving the sign on uneven / rough surfaces.
- 2. Do not cover the ventilation holes on the rear of the sign.
- 3. Do not remove and / or handle the battery or any internal components. Any unauthorised changes /modifications will void all warranties.
- 4. Do not use corrosive liquids to clean the glass surface. Please use non-woven fabrics, cotton and neutral cleaning agent.
- 5. Sign is not suitable for wall mounting.
- 6. When moving the sign walk, don't run.
- 7. Remove and dispose of all packing materials in a responsible manner.
- 8. Do not hang any items, objects, covers, etc on the sign.
- 9. Use only the originally supplied charger for re-charging purposes.
- 10. Do not charge the sign in direct sunlight.
- 11. Do not overcharge the battery.
- 12. Always remove the charger once the battery is fully charged.
- 13. Charge the sign once the battery indicator shows one or two orange lights.
- 14. NEVER leave the charger inserted in the sign once it has been fully charged.
- 15. ALWAYS ensure the sign is switched OFF before inserting the charger.
- 16. Do not expose the sign to direct sunlight.
