

Paper Flowers

Give someone special some beautiful flowers!

Click anywhere on this page to view this IDEA online and the products used!

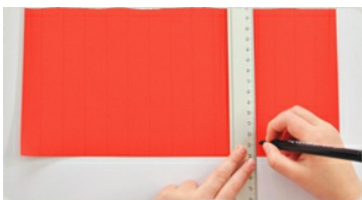

Enjoy the spring sunshine and learn about shapes with this fun activity! These flowers are great for practicing scissor skills and fine motor skills.

Get your supplies!

You will need:

- Early stART Glue Stick
- Micador Create it Art Pad Colourfun
- Micador Sizzel Scissors
- Stay Anywhere Permanent Pen

Step 1: Measure!

Place your paper in a landscape orientation and rule 2cm lines from top to bottom.

Step 2: Cut it out!

Using your scissors, cut out the paper into strips. You will need 8 strips for each flower.

Step 3: Fold your petals!

Fold each strip of paper in half and secure with glue. These will form the petals of the flower.

Step 4: Construct!

Construct your flower.

Step 5: It's in the detail!

Add some details to your flowers. A circle centre, and some stems and leaves.
